

Creative Champions and Volunteer Programme

Supporting Imaginative Neighbourhoods

EVENT OPPORTUNITIES : OCTOBER

The *Creative Champions* and *Volunteer* programme provides a range of opportunities from training in creative approaches and Arts Award, to supporting one off events.

Not able to commit to regular dates, but would like more experience working on events or delivering craft activities for children and families? Here are some opportunities coming up.

At these events, a volunteer's role is helping to set up the event space, encouraging audiences and participants to fill in evaluation forms, helping artists with workshop activity, preparing materials and encouraging families to join in.
