Make a Spider

- 1** Scrunch up paper into 2 balls, 1 for the spider head and 1 for the body - fix together with tape

- 2** Make 4 paper sticks for legs by rolling a strip of paper around a pencil. Glue at the top corner to fix, then remove the pencil

- 3** Scrunch up 2 small balls of paper for eyes. Stick onto head with tape

- 4** Use crayons to colour in the body head and legs

- 5** Tape the legs onto the body
