Leicester/shire Early Years Music Champions Project 2024/25: Musician Brief and Information Pack

Welcome

Hello and thanks for your interest in our Music Champions musician brief.

Celebrating our 21st year, it is an exciting time for The Spark in terms of the development of our early years work as we move into the second year of our successful Music Champions project.

Working in partnership with Leicestershire Music Hub and Leicester City Council Early Help team, this project supports musicians to work in children's centres and nurseries to explore and play with sound and music, giving space to develop their practice and understanding of the magic of early childhood music making.

I'd be more than happy to talk to you a bit more about the project and opportunity with an informal chat in advance of you making your application. Just let us know.

Thanks for your time and interest in the opportunity!

Equality, diversity and inclusion

We value people's experiences and believe that working with people from different backgrounds and with different experiences strengthens and develops the work that we do. We also value the lived experience of the people that work for us and recognise the contribution this makes to the organisation's understanding of the climate we operate in and the communities we engage in our work.

We welcome and encourage applications from people who are underrepresented in the creative and cultural industries. We particularly encourage people to apply from Asian, Black or ethnically diverse backgrounds, who are LGBTQIA+, who define as D/deaf, disabled or neurodivergent and/or from low socio-economic backgrounds.

Early Years Music Champions project

Background

At The Spark we believe that everyone is musical and at a key time in their development, we want children to have access to high quality, musical, playful encounters. Working in partnership with Leicestershire Music Hub and Leicester City Council Early Help team, this project supports early years practitioners and musicians to work together in schools, children's centres and nurseries to explore and play with sound and music.

Project aims

Championing early years music for children aged 0–5 by developing the workforce in depth (through a partnership approach to delivery between early years practitioner and professional musicians) and breadth (training, peer-to-peer learning and knowledge exchange).

What does Music Champions look (and sound) like?

Imagine a wide range of musical backgrounds (maybe a hip-hop artist or a folk singer who likes to play the Hurdy Gurdy) and imagine instruments as rich and diverse as they could be, from the soothing sounds of the kalimba, to the curious boom of the didgeridoo, to beat boxing using your voice. A brilliant range of voices, flutes, drums, cajones, and everyday objects you might find in your home or garden, like sticks, stones, and wooden spoons - all waiting to come to life in the hands of the children!
